**JoAnn Bassett : Lucky Beach (Escape to Maui) (Volume 2)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lucky Beach (Escape to Maui) (Volume 2):

0 of 0 people found the following review helpful. Wonderful!By Eve GaalA friend who reviewed my book, which is also set in Hawaii, told me Irsquo;d love Lucky Beach and he was right. The story begins with Monica winning the lottery and then dealing with a crazy, newfound publicity which quickly inspires her to getaway from it all. She decides to move to Maui where almost everything begins to crumble faster than lava rock hitting the fan palms of destiny. Bassett uses colorful language and tons of humor to get us through the twists and turns. Her tender use of native words and Maui landmarks drew me farther into the adventure. Itrsquo;s a fast read full of great dialogue--mystery and romance that kept me interested until the endmdash;especially when Monica's loving dog Pima-- a gray schnauzer goes missing and doesnrsquo;t turn up for days. The main characters are fantastic but even the minor characters have depth and personality. How can a person win millions of dollars and still end up in so much trouble? Yoursquo;ll have to read Lucky Beach to find out.0 of 0 people found the following review helpful. Not up to her standardBy Kilian85710This book was quite a departure for JoAnn Bassett. I've read and like all her Islands of Aloha series and her standalone Mai Tai Butterfly. Her heroines are feisty, intelligent and strong. Except for this one. She is too stupid to live, weak, and passive. She doesn't see how abusive her boyfriend is, but is too enchanted by his performance in bed to notice the warning signs. She is taken in by her friend (?), a real estate agent, who seems only interested in making money off her. All the other characters seem washed out, without the usual piquant personality quirks I have some to expect from Bassett. And her stupid dog, a miniature schnauzer is just annoying. Everybody can have a bad book, and I will probably buy her next one. Two in a row, and I'll stop reading.0 of 0 people found the following review helpful. Lucky BeachBy TOZ820I could totally relate to Monica in this story. I have never won the lottery, but know plenty of people who would disown me for not giving them a huge chunk of my winnings. I felt so bad for all the things that kept happening to her, but kept on hoping the girl could catch a break. Had to keep reading way past my bedtime, because I couldn't stand not knowing what would happen next.

Monica Gomez of Rio Blanco, Arizona, is one lucky twenty-nine-year-old. She's smart, pretty, and single. Oh yeah, and a year ago she won forty-five million dollars in a magazine sweepstakes. But as luck would have it, hitting the jackpot triggered an avalanche of misery. Her former boss claims the money is his and he's spent the past year dragging her to court and feeding lurid stories to the tabloid press. Former friends and newly-discovered "family members" pester her day and night demanding cash for their illnesses, their business ideas, or for just being "kin." Sick of hassling over her newfound riches, Monica abruptly moves to Maui, Hawaii. She's looking for a new start, a blank

slate. But soon after arriving she's accosted at a Honokowai grocery store by a brawny, wickedly handsome local guy who hits her up for a donation to the Maui Food Bank. Will it never end? Luckily, she's introduced to a good-looking single guy in her posh Kapalua neighborhood whose wealth far surpasses her own. Finally, a guy who "gets" her. But who is he, really? And how much will it cost her to find out? Her fortune, her self-esteemdash;maybe even her life?
